

April 1, 2021

To Our Residents and Family Members of Park Vista – Waupaca,

We are excited to have received positive feedback regarding our increased socialization efforts for socially distanced activities, socially distanced dining and additional visiting opportunities. We are now looking to open up the Community further to allow for more visitors and greater engagement.

All revisions will still follow the strict guidelines of:

- Social distancing
- Proper PPE usage
- Diligent hygiene practices
- Screening efforts

Updated Visiting Opportunities

Beginning on **April 2, 2021**, our Community will be open to visitors with the following guidelines:

- Advanced notice of visits is requested, but **not required**
- Visitors will have no restrictions on number or length of visits
- Visitors will self-screen at the front lobby of the building and take their own temperature. It is the visitor's responsibility to complete and submit the self-screening tool at the designated Visitor Screening Station prior to proceeding to visiting with your resident(s). *Visitor Screening Questions are attached to this letter for reference.*
- There is no restriction on age groups coming to visit
- Face shields are recommended PPE, but not required

Please continue to:

- Follow social distancing guidelines at all times.
- **Wear a face mask at all times.** Each visitor must provide their own mask. If you are unable to provide your own, we will provide one at a small cost.
- **Follow good handwashing practices.**

In addition, our Visiting Booth remains open for scheduled visits. We also continue to encourage Skype, FaceTime, iN2L and Zoom calls in order to stay connected.

If we experience a case of COVID-19 or if local positivity rates or policy dictates, we will move backwards in phases to protect the residents and staff.

Thank you for the opportunity and privilege to serve you and your loved ones. We remain grateful for your continued understanding and support.

If you have any questions, please reach out directly to your Executive/Community Director.

Sincerely,

Julie Lonergan, President
Park Vista Senior Housing Management, LLC

Visitor Screening Questions:

1. Are you experiencing any of the following signs or symptoms? **YES** **NO**
- Respiratory infection
 - New or worsening cough
 - New or worsening shortness of breath
 - Sore throat
 - Body aches or fatigue
 - Sudden loss of taste and/or smell
 - Diarrhea, vomiting, or nausea
 - Fever over 100.0^oF

Temperature Screening: _____

2. In the last 14 days, have you had contact with someone with a confirmed diagnosis of COVID-19, under investigation for COVID-19, or feeling ill with respiratory illness? **YES** **NO**
3. In the last 14 days, have you travelled internationally, by air or to an area with confirmed cases of COVID-19 or sustained community transmission? **YES** **NO**
4. Have you visited or worked in another healthcare setting with active (diagnosed in the past 14 days) COVID-19 cases? **YES** **NO**

If YES, please complete the following:

- a. Do you wear appropriate PPE at all times (face mask, face shield, gown, gloves, etc.) while in the healthcare settings you visit? **YES** **NO**
- b. Do you follow proper hygiene practices and frequent handwashing? **YES** **NO**
- c. Do you self-monitor for the signs and symptoms outlined in Question #1? **YES** **NO**

If you answered YES to Questions #1, 2, 3 or Question #4 with NO for 4a, b, c – we ask that you DO NOT enter our campus.

All visitors agree to self-screen for COVID-19 symptoms for 14 days after their visit and report any symptoms and/or concerns to the Community.
