

August 31, 2021

To Our Residents, Family Members and Staff of Park Vista Retirement Living Camanche,

On August 20th, we were alerted to a COVID positive resident. We then conducted facility wide testing which resulted in additional COVID-19 positive results. At that time, we eliminated communal dining, activities and suspended visits per the local health department and IDPH direction.

Throughout this quarantine period, we have implemented additional monitoring for residents and team members that may have come in contact with any affected persons. We have also continued to track and monitor residents and team members for any COVID related symptoms.

Today, we conducted our second weekly facility wide testing. It is our hope that these test results will provide all negative results at which time we will be able to reinstate communal dining, activities and safe visits with residents and loved ones. We anticipate receiving test results back over the weekend and will provide immediate communication as to the ability to reopen the building.

We understand that this has been very difficult on family and residents to suspend in person visitation, through the quarantine period. We appreciate the cooperation that our families have provided throughout this time. Our team members have also done an incredible job of going above and beyond to help support and care for all residents through this quarantine period.

We ask that you continue to support us by properly wearing your masks and socially distancing when outside of your unit. Please continue to practice good hand hygiene and avoid people or places where you are not able to wear a mask and socially distance. The nature of this virus makes it imperative for all residents and staff to remain healthy because we reside and work in a communal environment.

It is a privilege to serve your loved ones and provide them with a safe comfortable environment during this time. If you have questions, please reach out directly to your Executive/Community Director. I can also be reached at (563) 503 - 6001.

Sincerely,

Julie Lonergan, President
Park Vista Senior Housing Management, LLC
