

September 17, 2021

To Our Residents, Family Members and Staff of Park Vista Retirement Living Camanche,

On September 10, 2021 we sent out communication regarding continued isolation protocol due to positive cases onsite. At this time, we have no positive cases onsite and have chosen to strategically open back up. We will allow visitors in the building starting today but are delaying communal dining and activities one additional week for added precaution.

We understand that this has been a very difficult time on family and residents through the quarantine period. We appreciate the cooperation that our families have provided throughout this time. Our team members have also done an incredible job of going above and beyond to help support and care for all residents through this quarantine period.

We will maintain additional monitoring for residents and team members that may come in contact with any affected persons in the future. We have also continued to track and monitor residents and team members for any COVID related symptoms.

We ask that you continue to support us by properly wearing your masks and socially distancing when outside of your unit and when visiting loved ones. Please continue to practice good hand hygiene and avoid people or places where you are not able to wear a mask and socially distance. The nature of this virus makes it imperative for all residents and staff to remain healthy because we reside and work in a communal environment.

It is a privilege to serve your loved ones and provide them with a safe comfortable environment during this time. If you have questions, please reach out directly to your Executive/Community Director. I can also be reached at (563) 503 - 6001.

Sincerely,

A handwritten signature in dark ink, appearing to be 'Julie Lonergan', written in a cursive style.
