Tip of The Month

Soak Up the Season

June is the perfect time to make the most of the longer days and warm sunshine. Spending time outdoors is one of the simplest things we can do for our overall well-being. Whether it is enjoying your morning coffee outside, tending to a garden, or simply sitting in the sunshine for a few minutes, those moments add up in a big way.

This month, we encourage you to soak up the season. Let the warmth of summer energize you, lift your spirits, and remind you that life is truly in full bloom.

Stay "Sun-Smart" and Hydrated

As the days get hotter, make outdoor time effortless by keeping the essentials handy. Put a bottle of sunscreen by the front door and keep a reusable water bottle filled so you can safely enjoy the sunshine whenever the mood strikes.

Pop culture and fun facts

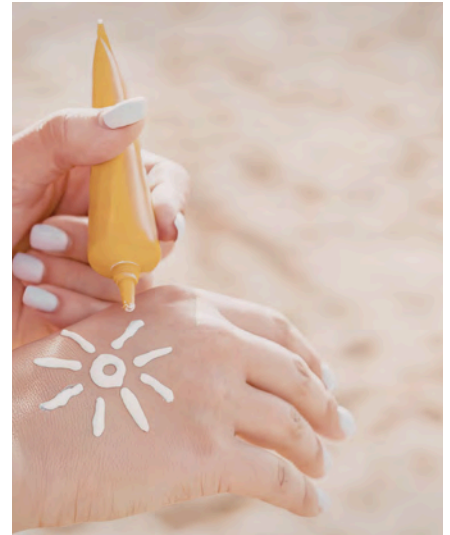

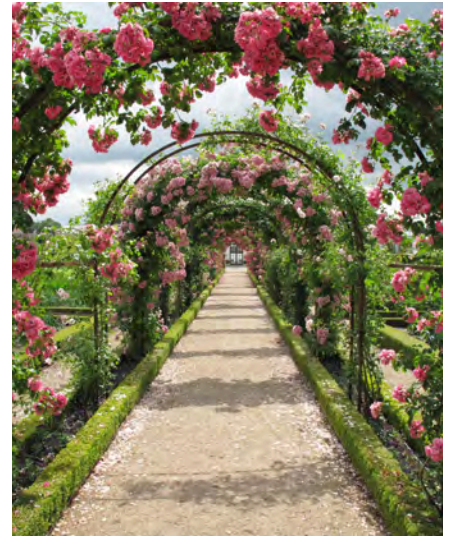

This Month in History:

The Stonewall riots began on June 28, 1969, after police raided the Stonewall Inn in New York City. Members of the LGBTQ+ community fought back against years of discrimination and harassment, sparking several days of protests. The events at Stonewall became a major turning point in the fight for LGBTQ+ rights and are now recognized as the beginning of the modern Pride movement celebrated every June.

Juneteenth is celebrated each year on June 19 to honor the end of slavery in the United States. The holiday marks the day in 1865 when Union troops arrived in Galveston, Texas, and informed enslaved people they were free — more than two years after the Emancipation Proclamation was issued. Juneteenth is now recognized as a federal holiday and is celebrated with parades, music, education, and community gatherings.
