Residents, staff, family, and friends gathered to cheer him on and celebrate this well-deserved tribute to one of our hometown heroes.

Tip of The Month

Small Habits, Big Difference

Small habits make a big difference in summer wellness. Staying cool, staying hydrated, and staying connected go a long way toward a happy, healthy season. Around here, that looks like shaded outdoor time, cold water breaks, and the kind of company that makes the heat a little easier to enjoy.

Live Life TO ITS FULLEST

At 82, Margaret could have stayed in the easy routine of the day. But she chose something different—she chose to *truly live*.

She said *yes to new adventures*, made time for the people she loved, and found *joy in the little things*—morning walks, a good book, and a cup of coffee shared with a friend.

Margaret learned that life isn't about waiting for the perfect moment. It's about *making every moment count*.

She *celebrated* birthdays, *tried* painting for the first time, *danced* to her favorite songs, and never stopped *dreaming*.

Her story is a beautiful reminder:

*It's not about how long you live,
but how well you live.* ♥
