Luau Highlights

🌺 What a fantastic time we had at our Luau Party! 🌴 Our residents, families, and friends enjoyed an afternoon filled with sunshine, smiles, and plenty of island fun. We danced and sang along to live music performed by Bahama Bob, enjoyed delicious food, sipped refreshing drinks from our tiki bar, and cooled off with a sweet treat from Kona Ice. Most importantly, we enjoyed wonderful company and made memories together!

Resident Feature - Terri

We're excited to shine the spotlight on Terri, who has been a part of The Legacy family for the past four months! Terri grew up in Illinois before making her way to Madison, Wisconsin, where she has enjoyed making wonderful memories with her family and friends. She is married to Gary and is a proud mom to her daughter, Lori. Terri loves relaxing outside, enjoying the beauty of nature, and spending time with her friends. During her career, Terri worked as a human resources manager. When it comes to her favorite things, you can't go wrong with ice cream and chocolate! She also loves listening to golden oldies and country music.

Staff Feature - Kerri

We're excited to introduce Kerri, our Regional Marketing Director at The Legacy of DeForest. Kerri is looking forward to getting to know our residents and families and becoming a part of the Legacy community. Outside of work, she enjoys spending time with her family, being outdoors, working out, and swimming laps. She's also a proud pet parent and loves spending time with her furry family members. Fun fact about Kerri: she has gone skydiving from 15,000 feet!

Tip of the Month

Summer doesn't end all at once; it fades a little at a time. Make it a goal to get outside at least once a day before the weather turns, even if it's just a few minutes on the porch, a short walk, or a moment in the sun with your coffee. A little fresh air goes a long way for your mood, energy, and sleep - an easy way to hold onto summer's energy while it's still here.

Pop Culture and Fun Facts

The Autumn Equinox:

The Autumn equinox takes place on September 22 this year. Because of Earth's position in its orbit, the Northern and Southern hemispheres receive nearly equal amounts of daylight.

Etymology of "September":

The word "September" comes from the Latin root *septem*, meaning "seven," as it was the seventh month in the early Roman calendar.

SEE YOU NEXT MONTH!
